## WORK EXPERIENCE

**Miro** (AI innovation workspace acquired by Bending Spoons at \$1.3B)

Amsterdam, NL

Associate Product Manager, Growth

2025 - 2026

- Ran **15 experiments** across onboarding, pricing, activation and retention in a year, **successfully shipping 9 to production** alongside a 12-person cross-functional team across design, engineering, analytics, & marketing
- Retained **\$1M at-risk ARR** by offering plan downgrade and winback offers in the cancellation flow. Increased funnel conversion from 66% to 84% post-experiment with user flow improvements
- Generated **\$820K influenced ARR** in 7-months by designing an in-product admin request flow that closed Disney, Pfizer, and 78 Enterprises accounts via product-led growth. Built a Snowflake dashboard using SQL and Gemini to monitor post-launch impact
- Generated **\$310K ARR** and **lifted free-to-paid conversion by 3%** by adding plan recommendation tags to paywalls to reduce cognitive load on plan selection
- **Lifted new Business Plan users by 7% in 2 weeks** by enabling users to invite new members in one-click with a team invite link when sharing boards to drive virality

**Captur** (\$6M seed-stage start-up specialized in real-time AI image analysis)

London, U.K.

Associate Product Manager

2024 – 2025

- Generated **20% month-on-month volume increase in 3 months** by leading a cross-functional team of 9 members scaling to **70+ new markets with Lime** and 6 enterprise clients
- **Improved Lime's parking compliance by 24% with minimal user friction** by analysing of 500+ 1-star reviews and A/B test results to derive UX/UI improvements, securing a global expansion leading to **104% MRR increase**
- Enhanced user experience of night-time rides by leading technical discovery of automatic flashlight with Lime, conducting on-the-ground testing and SDK analytics using SQL to weigh in-house vs out-of-the-box solutions, **reducing time to end ride by 15%**

### Spotify

London, U.K.

Product Management Intern

2023

- **Activated 12M new MAUs to stream Spotify on TV in 3 months** by launching a targeted in-app messaging campaign, analyzing product funnel data and user interviews to define the value proposition, using Figma for wireframing, and measuring success with A/B testing

## EXTRACURRICULAR EXPERIENCE

**180 Degrees Consulting, UCL** (largest pro-bono student consultancy)

London, U. K.

Consulting Director

2020 - 2022

- **Led 5 executives in delivering 13 pro-bono projects**, empowering teams with client context, allocating RACI responsibilities and tracking deliverables in Gantt chart, and organizing virtual socials
- Spearheaded client acquisition, **generating 3x client leads** via personalized email outreach and analyzing social media engagement metrics
